

2010 Camps

Optima runs tennis camps in most school holidays throughout the year at Lymm Tennis Club . Below is a list of the dates. Play continues through light to moderate rain so coats/rain jackets are essential in bad weather whilst sun hats/caps and sun cream are a must if hot. Players need to replace fluids especially in hot weather, so water bottles are useful as they can be re-filled throughout the session. During prolonged periods of heavy rain children are entertained inside the clubhouse with quizzes and DVD's.
